Founded in 1998, the Allen Garden Club was formed with the intention of educating people in Allen and surrounding areas about gardening.

The mission of the Allen Garden Club is to educate the people in Allen and surrounding areas about natural gardening practices and the benefits of gardening, encouraging people to conserve our natural resources and exemplify public spirit by participation in community service projects.

Some benefits of membership are monthly gardening presentations by local experts, a monthly e-mail newsletter, opportunity to work on community projects to beautify our community, plant and seed exchanges and the fun and fellowship of our members.

Our meetings are on the first Thursday of each month* February through December at 7:00 pm. We meet at the Allen Heritage Center at 100 E. Main St., Allen. Refreshments are provided at each meeting and all are welcome.

**Check website for any changes to our schedule.*
